Sunset Mindepark (Ontario)

(License #4138897-05014)

Sunset Mindepark is a corporation, founded for the purpose of providing an urn cemetery and memorial wall for people who came from Denmark, for their spouse and descendants.

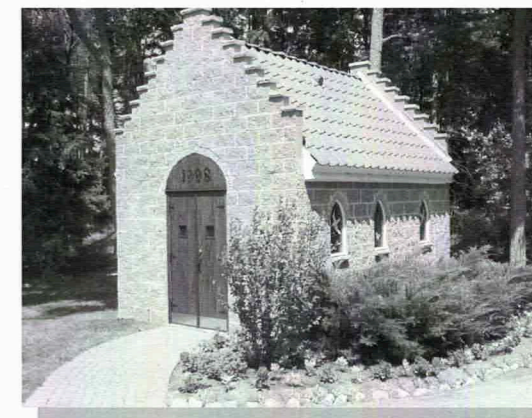

The project became possible when in 1989 Sunset Villa Association made one acre of its land available for the above purpose, and it was accomplished with all volunteer work.

The cemetery was officially consecrated and licensed to operate in October 1992. The first urns were interred in front of the proposed wall where 4 rows of plots (128) had been set aside. The area for plots has now been expanded extensively to 445 plots.

The impressive first memorial wall with 22 niches was built and quickly sold out. Subsequent walls have since been built for a total of 362 niches.

Bronze Plaques are sold to Danes with connections to Canada who would like to remember a loved one. A special section on the memorial wall is reserved for the Royal Danish Guards Association. Another section is set aside to honour the men and women who served in the Canadian Armed Forces during the Second World War.

The entrance to the Mindepark is at #4106 Sideroad #25 with parking for 6 cars off the road, and the plots and niches are wheelchair accessible.

Chapel

As the first Danish immigrants who had come to Canada began getting older they wished for their final resting place to be with other Danes in a beautiful Danish style cemetery where their children and grandchildren could visit with them in a meaningful way.

Our goal is to provide low cost, dignified burials at Sunset Mindepark with plots and niches in beautiful park-like and serene surroundings.

Note: We do not have a scattering garden.

If you would like a minister to officiate when an urn is put down, please contact the minister of your choice.

We welcome all Danes from across Canada.
